THE HONORABLE GEORGE NIGH
GOVERNOR OF OKLAHOMA
MEMBERS OF THE OKLAHOMA LEGISLATURE

The 1980-81 Annual Statistical Report on education finance and related statistics from the Oklahoma State Department of Education is submitted in the pages of this book for your examination.

Financial figures, as you well know, do not fully tell the story of achievement. Programs funded by the Legislature, and signed into law by the Governor, such as those we have begun to implement like the Staff Development Program, the Gifted Student Education Program, the Teacher Consultant Program and the production and distribution of a whole new set of curriculum guides in all the educational disciplines, speak far more explicitly to the achievements in education.

Working together, we expect to move even farther forward in providing our common schools' administrators, teachers and — most importantly — our children, with the tools and guidance they need to do their jobs in this important time of change.

Respectfully submitted,

Leslie Fisher
Superintendent of
Public Instruction

The following is the formula, as provided by law, used in the calculating of Foundation and Salary Incentive Aid. It reflects the correct amounts and factors in use today. The two equalizing factors in the formula are:

(1) The chargeable income in the Foundation Aid section. This reflects the district's ability to support itself at home.

(2) The district wealth ratio in the Incentive Aid section. This reflects the school district's valuation per weighted A.D.M. in relation to the State valuation per weighted A.D.M.
